Program Manager – Business

Location:

WeWork 32nd Milestone, the Galaxy Hotel Off NH 8, Sector 15 Gurugram, HR 122001 (H.O.)

Description:

1K prides itself on delivering efficient, effective solutions across a wide range of industries. The key to our success is largely dependent on the stellar ability of our program management team. We’re currently searching for a program manager to join our ranks and continue our tradition of success.

The ideal candidate will have a sharp mind, ability to work cross-functionally and adaptability to manage projects in different business functions. As a project leader, you will have a strong talent for project coordination and delegation. Ultimately, you should be motivated by the desire to optimize productivity and nurture program success from inception to completion.

“Our vision is to bring revolution in the grocery shopping experience for the non-urban population of real Bharat.”

What you bring to the table:

- Manage program and projects teams with a focus on optimal return-to-investment, and coordinate and delegate cross project initiatives.
- Work closely with project sponsors, cross- functional teams, and assigned project managers to plan and develop scope, deliverables, required resources, work plan, budget, and timing for new initiatives.
- Identify key requirements needed from cross-functional teams and external vendors.
- Develop and manage budget for projects and be accountable for delivering against established business goals/objectives.
- Work with other program managers to identify risks and opportunities across multiple projects within the department or other departments.
- Analyze, evaluate, and overcome program risks, and produce program reports for management and stakeholders.
- Manage budget and funding channels for maximum productivity.

What are the skills that you need?

- Bachelors/Master’s degree in relevant or related field.
- 3+ years in advanced management
- Exceptional leadership, time management, facilitation, stakeholder management and organizational skills.
- Outstanding working knowledge of change management principles and performance evaluation processes.
